

## Eraser Burnish Pad

### For Ultra High Speed Burnishing

Technical data sheet

TD117

Date: August 2011

Supersedes: January 1999

Author : FG

#### Description:

The Scotch-Brite™ Eraser Floor Pad is a premium quality floor maintenance pad. It's made of high quality synthetic fibres, in an open textured non-woven construction. Polishing particles are dispersed throughout and bonded with a durable adhesive.

Each floor pad has a pre-cut centre hole.

#### Special Features:

- Specific fibre mix to ensure a faster polishing action and a high production of shine.
- Specially formulated for a more efficient erasing of marks ( shoe soles, trolley wheels...)
- Highly soft to the floor : Non scratching/damaging protected floors
- Open textured construction for easier washing of pads after use
- Consistent performance
- Durable pad at work.

#### Where and When to Use:

RPM	150-400	>400
Strip		
Deep cleaning		
Spray	X	X
Scrubber dryer		
Buff	X	XX

XX Designed for X suitable

It's specially made for dry buffing of floors under ultra high speed rotary floor machines.

It's also suitable for spray buffing/cleaning at.

#### Directions for Use:

1. Install a clean floor pad under the machine pad holder
2. Dust mop the area.
3. Dry buff a section of floor in 2 passes
4. Move machine to next section
5. Dust mop entire floor area
6. Remove pad and wash after use.

Note: floors must be clean, free of soil and in dry condition prior to dry buffing.

#### Maintenance of pad:

1. Remove from machine after each use and shake dust out of pads
2. Rinse wash under tap water or machine wash every 5 uses.
3. Hang up for drying . Do not use wet .

Note: machine washed floor pads will shrink about 20 mm after first washing cycle. Recommended washing-machine temperature is 40°C .

#### Performance Advantages:

Produces up to 30% more shine on protected floors.

Erases marks up to 4 times faster from protected floors.

(3M lab tests)

Makes less scratches on the floor

Durability : 25 000 sqm at 1500

RPM in standard use with

appropriate maintenance.

#### Product Specifications:

The Scotch-Brite™ Floor Pads consist of polyester fibre and synthetic adhesive. They are not significantly affected by water, detergents and cleaners normally used for floor maintenance.

#### Product Characteristics:

Colour: Pink  
Marking: 3M logo and reference.  
Thickness: 25mm  
Centre hole: Pre-cut at 85 mm  
Weight: 1000 g/m<sup>2</sup>  
Fibre type: Polyester, mixture of sizes.

#### Packaging and labeling:

Packaging material made of 100% recyclable material.  
Multilingual grey colored label on each case.

#### Standard Sizes:

Standard and non-standard sizes available on demand.

#### Disposal Information:

Discard into appropriate container, for incineration, if available.  
Packaging material: recyclable.

#### Origin:

Made in 3M USA. in an ISO 9001:2008 and ISO 14001:2004 certified plant.
